Room 304

RSVP: Denise Hendee 315-443-4345  
or dahendee@syr.edu

Pay parking is available at the  
Marion and University Avenue lots

In celebration of National Engineers week, you are invited to an evening of global connections in the fields of science and technology. Networking is the single most effective method of gathering career related advice. Mentor @ SU was developed with this goal in mind. Over 1,500 Syracuse University alumni are available to assist you through the career exploration and development process. Join other Syracuse University alumni, students, recruiters and friends following the L.C. Smith Student Career Fair for an event that will take you beyond networking.
